THE UNIVERSITY MACE

Symbols of authority and power, maces, were originally hand weapons designed for use against armor. Topped by the flame of knowledge, the University Mace has the University Seal as a focal point and unifying element. Tassels of maroon and white hang from the shaft of fourteen rods of black walnut, symbolizing the fourteen counties of the Commonwealth, held together by a gold band, which symbolizes their unity.

The head of the Mace is gold plate over highly polished brass. Complex curves radiating from the hub in which the Seal is centered reflect light in constantly changing patterns, symbolic of the many-faceted environment of University life.

The Mace is borne by the Faculty Co-Chairperson of the University Assembly.

ACADEMIC COSTUME
AND REGALIA

Academic Gowns represent a tradition which comes down from the Middle Ages. At that time they were a common form of dress and were retained by the clergy when the laity adopted more modern styles. The early European universities were founded by the church; the students, being clerics, were obliged to wear the prescribed gowns at all times.

The usual color for academic gowns in America is black, although Yale masters and doctors may wear Yale blue and Harvard doctors of philosophy are authorized to wear Harvard crimson.

The bachelor's gown has long pointed sleeves and is worn closed. Caps, originally round, are now mortarboards; hoods, originally cowled, were attached to the gown and could be slipped over the head for warmth.

Caps are black but the colleges have tassels of different colors: College of Arts and Sciences is gold; College of Public and Community Service is red; and the College of Professional Studies is blue; candidates for the Master's degree wear black.

This program is for ceremonial purposes only. The official list of graduates is maintained by the University Registrar.
